

The “RAW”

Creativity Association

R.A.W. stands for **“Release the Artist Within.”** It is an experiential coaching & mentoring group that gives you the opportunity to expand your creative potential and overcome blocks in your chosen art form(s) —music, art, photography, writing, etc... This happens in the context of safe community, creativity-building exercises, improvisation & experimentation, prayer, teaching & discussion times, creative projects and personal journaling. In an environment of mutual acceptance and encouragement, we pursue freedom from all that blocks and hinders us from becoming the unique & wonderfully-creative people we are meant to be!

Being a member of RAW also gives you the opportunity to perform and/or display your creative endeavours monthly at the **“RAW TALENT COFFEE HOUSE.”**

RAW is designed to:

- *encourage flowing, joyful, intuitive, heart-felt creativity (Art from the Heart!)
- *address blocks that restrict your creative freedom
- *be a safe place for your inner child to be curious, playful and spontaneous
- *give you opportunities to take the risk of sharing your gifts with others (both with RAW Members and the public)
- *encourage networking & collaborating, and teach artists how to build one another up
